I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of your investment in the scheme may go up or down depending on the factors and forces affecting the capital markets.
- Past performance of the Sponsor and other affiliates/AMC/Mutual Fund (or any of its schemes) does not guarantee future performance of the scheme.
- IDFC Capital Protection Oriented Fund Series III is the name of the scheme does not in any manner indicate either the quality of the scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of Rs.30,000 made by it towards setting up the Fund.
- The present scheme is not a guaranteed or assured return scheme.

Scheme Specific Risk Factors

- The scheme is “oriented towards protection of capital” and “not with guaranteed returns”. The scheme does not guarantee any returns. The orientation towards protection of capital originates from the structure of the Portfolio of the Scheme and not from any Bank guarantee, Insurance Cover etc. There is no assurance that the structure would provide the necessary protection of capital.
- Factors such as interest rate movements, reinvestment risk, credit defaults etc. can impact the ability of the portfolio to meet capital protection on maturity.
- All CRISIL ratings are under surveillance. CRISIL reserves the right to suspend, withdraw or revise the above ratings at any time on the basis of any new information or unavailability of information or any other circumstances which CRISIL believes may have an impact on the rating.
- The initial investment mix of the scheme is based upon assumptions on collections, pre-determined initial and running expenses and yield on the securities in the fixed income portfolio.
- The scheme could face reinvestment risks on interim interest cash flows, if the yield on such reinvestments is lower than the yield on the initial investments.

The Scheme also proposes to invest in equity and equity related instruments. Equity instruments by nature are volatile and prone to price fluctuations on a daily basis due to both macro and micro factors. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities' purchases due to settlement problems could cause the Scheme to miss certain investment opportunities

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent

of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government Securities, there is no credit risk to that extent. Different types of securities in which the scheme would invest as given in the scheme information document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.
- **Re-investment Risk:** Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Repurchase Risk:** The Scheme is a close ended debt scheme. No redemption/repurchase of units shall be allowed prior to the maturity of the scheme. Investors wishing to exit may do so through stock exchange mode. Listing of the units of the fund does not necessarily guarantee their liquidity and there can be no assurance that an active secondary market for the units will develop or be maintained. Consequently, the Fund may quote below its face value / NAV.

Risk Factors for derivatives

1. Credit Risk: The credit risk is the risk that the counter party will default obligations and is generally negligible, as there is no exchange of principal amounts in a derivative transaction. (especially in case of debt derivatives).
2. Market risk: Derivatives carry the risk of adverse changes in the market price.
3. Illiquidity risk: The risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market.
4. The risk is to the extent that returns are limited for the investors in case of extreme movement in call rates. (applicable to debt derivatives)
5. The fund pays the daily compounded rate. In practice however there can be a difference in the actual rate at which money is lent in the call market and the benchmark, which appears and is used. (applicable to debt derivatives)

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Risk Associated with Securitised Debt

The Scheme may invest in domestic securitized debt such as asset backed securities (ABS) or mortgage backed securities (MBS). Asset Backed Securities (ABS) are securitized debts where the underlying assets are receivables arising from various loans including automobile loans, personal loans, loans against consumer durables, etc. Mortgage backed securities (MBS) are securitized debts where the underlying assets are receivables arising from loans backed by mortgage of residential / commercial properties. ABS/MBS instruments reflect the undivided interest in the underlying pool of assets and do not represent the obligation of the issuer of ABS/MBS or the originator of the underlying receivables. The ABS/MBS holders have a limited recourse to the extent of credit enhancement provided. If the delinquencies and credit

losses in the underlying pool exceed the credit enhancement provided, ABS/MBS holders will suffer credit losses. ABS/MBS are also normally exposed to a higher level of reinvestment risk as compared to the normal corporate or sovereign debt.

At present in Indian market, following types of loans are securitised:

- Auto Loans (cars / commercial vehicles /two wheelers)
- Residential Mortgages or Housing Loans
- Consumer Durable Loans
- Personal Loans
- Corporates Loans

The main risks pertaining to each of the asset classes above are described below:

Auto Loans (cars / commercial vehicles /two wheelers)

The underlying assets (cars etc) are susceptible to depreciation in value whereas the loans are given at high loan to value ratios. Thus, after a few months, the value of asset becomes lower than the loan outstanding. The borrowers, therefore, may sometimes tend to default on loans and allow the vehicle to be repossessed. These loans are also subject to model risk i.e. if a particular automobile model does not become popular, loans given for financing that model have a much higher likelihood of turning bad. In such cases, loss on sale of repossession vehicles is higher than usual.

Commercial vehicle loans are susceptible to the cyclical in the economy. In a downturn in economy, freight rates drop leading to higher defaults in commercial vehicle loans. Further, the second hand prices of these vehicles also decline in such economic environment.

Housing Loans

Housing loans in India have shown very low default rates historically. However, in recent years, loans have been given at high loan to value ratios and to a much younger borrower classes. The loans have not yet gone through the full economic cycle and have not yet seen a period of declining property prices. Thus the performance of these housing loans is yet to be tested and it need not conform to the historical experience of low default rates.

Consumer Durable Loans

The underlying security for such loans is easily transferable without the bank's knowledge and hence repossession is difficult. The underlying security for such loans is also susceptible to quick depreciation in value. This gives the borrowers a high incentive to default.

Personal Loans

These are unsecured loans. In case of a default, the bank has no security to fall back on. The lender has no control over how the borrower has used the borrowed money. Further, all the above categories of loans have the following common risks:

All the above loans are retail, relatively small value loans. There is a possibility that the borrower takes different loans using the same income proof and thus the income is not sufficient to meet the debt service obligations of all these loans.

In India, there is insufficiency of ready comprehensive and complete database regarding past credit record of borrowers. Thus, loans may be given to borrowers with poor credit record. In retail loans, the risks due to frauds are high.

Corporate Loans

These are loans given to single or multiple corporates. The receivables from a pool of loans to corporates are assigned to a trust that issues Pass through certificates in turn. The credit risk in such PTCs is on the underlying pool of loans to corporates. The credit risk of the underlying loans to the corporates would in turn depend of economic cycles.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme(s)/Plan(s). These conditions will be complied with immediately after the close of NFO itself i.e at the time of allotment. In case of non-fulfillment with condition of minimum 20 investors, the scheme shall be wound up in accordance with Regulation 39 (2) (c) of SEBI (MF) Regulations automatically without any reference from SEBI. In case of non-fulfillment with the condition of 25% holding by a single investor on the date of allotment, the application to the extent of exposure in excess of the stipulated 25% limit would be liable to be rejected and the allotment would be effective only to the extent of 25% of the corpus collected. Consequently, such exposure over 25% limits will lead to refund within 6 weeks of the date of closure of new fund offer.

C. SPECIAL CONSIDERATIONS, if any

All the above factors not only affect the prices of securities but may also affect the time taken by the Fund for redemption of Units, which could be significant in the event of receipt of a very large number of redemption requests or very large value of redemption requests. The liquidity of the assets may be affected by other factors such as general market conditions, political events, bank holidays and civil strife. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances. Please refer to the para "Suspension of Redemption/Repurchase of Units & Dividend Distribution" in this document.

The liquidity of the Scheme's investments may also be restricted by trading volumes, settlement periods and transfer procedures. In the event of an inordinately large number of redemption requests or of a restructuring of the Scheme's portfolios, the time taken by the Scheme for redemption of Units may become significant. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances.

Please refer to the para "Suspension of Redemption/Repurchase of Units & Dividend Distribution" under section III titled "Units on Offer".

Redemption due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise.

The tax benefits described in this Scheme Information Document are as available under the present taxation laws and are available subject to conditions. The information given is included for general purpose only and is based on advice received by the AMC regarding the law and practice in force in India and the Unitholders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his/ her own professional tax advisor.

No person has been authorised to give any information or to make any representation not confirmed in this Standard Information Document in connection with the scheme or the issue of Units, and any information or representation not contained herein must not be relied upon as having been authorised by the Mutual Fund or the Asset Management Company

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME – A 3 Year Close ended Fund.

B. INVESTMENT OBJECTIVE

The scheme endeavours to protect the capital by investing in high quality fixed income securities as the primary objective and generate capital appreciation by investing in equity and equity related instruments as a secondary objective.

However, there can be no assurance that the investment objective of the scheme will be realized.

New Fund offers (NFO) of this Scheme Information Document will commence at any time within six months from the date SEBI gives a clearance to the Scheme Information Document.

C. ASSET ALLOCATION

Asset Class	Range of allocation (% of Net Assets)	Risk Profile
Equities & Equity Related securities*	0 – 16	High
Debt securities & Money Market instruments #	84 – 100 (0 – 30 % in securitized instruments)	Low to Medium

* Equity Derivatives (futures and options) may be used in place of cash equities with the condition that the total notional exposure together with the investments in equities will not exceed the allocation of the corpus towards equity investments at any point of time.

Investments in derivatives shall be in accordance with SEBI Circulars dated January 20, 2006 and September 20, 2006.

The use of derivative shall only be for hedging and portfolio rebalancing. Also such use shall be for the purpose of static hedge strategy only. Further the use of derivatives and not options only shall be restricted to avoid any downside risk to the investor.

The total exposure to equity, debt and derivative positions on a gross basis will not exceed 100% of the net assets of the scheme.

The scheme shall not invest in securitized instruments, other than single loan sell downs. At any point of time such investment shall not exceed 30 % of the scheme corpus. Exposure to securitized debt shall be within the overall exposure to debt securities and money market instruments.

The scheme will initially deploy atleast 84% of the funds collected during the new fund offer in debt securities/money market instruments with an intention to protect the principal at the time of maturity of respective plans

The scheme will invest in a portfolio predominantly of fixed income securities that matures on or before the date of the maturity of the scheme. (3 years)

Fund Manager may alter allocation during subsequent deployment of funds provided such deployment is generated out of appreciation in value of (existing) investments.

Fund manager shall endeavor that capital remains protected on maturity and ensure rating of the scheme is not adversely affected.

Change in Investment Pattern

Subject to the SEBI Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. These proportions can vary substantially depending upon the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unitholders. Such changes in the investment pattern will be for short term and for defensive considerations only which would be rebalanced within 6 month from the date of deviation. In case the same is not aligned to the above asset allocation pattern within 6 month, justification shall be provided to the Investment committee. The Investment committee shall then decide on the course of action.

“AAA (so)” Rating is being assigned by CRISIL and is valid only for **IDFC Capital Protection Oriented Fund Series III**. The rating only indicates highest degree of certainty regarding payment of face value of investment (excluding entry load charged, if any) to the unit holders on maturity and is not an opinion on the stability of the scheme’s NAV before its maturity date. The rating will be reviewed on a quarterly basis.

NOTE ON DEBT MARKET & MONEY MARKET IN INDIA

The Indian debt markets are one of the largest such markets in Asia. Government and Public Sector enterprises are predominant borrowers in the market. While interest rates were regulated till a few years back, there has been a rapid deregulation and currently both the lending and deposit rates are market determined.

The debt markets are developing fast, with the rapid introduction of new instruments including derivatives. Foreign Institutional Investors are also allowed to invest in Indian debt markets now. There has been a considerable increase in the trading volumes in the market. The trading volumes are largely concentrated in the Government of India Securities, which contribute a significant proportion of the daily trades.

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills (issued by RBI). In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates.

Following table exhibits various debt instruments alongwith indicative yields as on April 30, 2010

Instruments	Yield Range (% per annum)
G – Sec 5 year	7.48%
G – Sec 10 year	8.07%
Corporate Debentures AAA 3 year	7.12%
Corporate Debentures AAA 5 year	8.20%
CP’s / CD’s 3 months	4.15%
CP’s / CD’s 1 year	6.10%
Treasury Bills 3 months	4.10%
Treasury Bills 1 year	5.05%

The actual yields will, however, vary in line with general levels of interest rates and debt/money market conditions prevailing from time to time.

D. WHERE WILL THE SCHEME INVEST?

The corpus of the plans(s) under the scheme will be invested in debt and money market instruments and in equity and equity related products. Subject to the Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities / instruments:

- Equity and Equity related instruments include equity warrants and convertible instruments.
- Stock futures / index futures and such other permitted derivative instruments
- Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- Debt instruments issued by domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
- Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, Notes, Strips, etc.
- Debt instruments (both public and private sector) issued by banks / development financial institutions.
- Money market instruments permitted by SEBI including call money market or in alternative investments for the call money market as may be provided by RBI to meet the liquidity requirements.
- Certificate of Deposits (CDs).
- Commercial Paper (CPs).
- Securitised Debt instruments.
- The non-convertible part of convertible securities.
- Any other domestic fixed income securities including Structured Debt Instruments
- Pass through, Pay through or other Participation Certificates representing interest in a pool of assets including receivables.
- Any other securities / instruments as may be permitted by SEBI from time to time
- The scheme will invest in a portfolio predominantly of fixed income securities that are generally maturing in line with the duration of the scheme (3 years).

For the purpose of further diversification and liquidity, the Scheme may invest in another scheme managed by the same AMC or by the AMC of any other Mutual Fund without charging any fees on such investments, provided that aggregate inter-scheme investment made by all schemes managed by the same AMC or by the AMC of any other Mutual Fund shall not exceed 5% of the net asset value of the Fund.

The securities mentioned above could be listed, unlisted, privately placed, secured, unsecured and of any maturity. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals. The scheme may invest the funds of the scheme in short term deposits of scheduled commercial banks as permitted under extant regulations.

The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

The scheme shall not make investments in Foreign Securitised debt.

E.INVESTMENT STRATEGIES AND RISK CONTROL

Investment Strategy

The scheme will endeavor to achieve stability of capital (with an intent to protect capital) and generate reasonable return by building a portfolio that is a judicious mix of safe debt and money market instruments and good quality equity instruments. The debt and money market instruments would bring about the safety element in the scheme and the well researched good quality equity instruments would enable the scheme to provide reasonable returns. Such asset allocation would inter-alia depend on various parameters like the level of interest rates in the economy, underlying economic growth rates, inflation, conditions of the equity markets, profitability of the corporate sector etc. The scheme will try and shift allocations from equity to debt and vice-versa on a regular basis so as to achieve the stated object of the scheme.

The Scheme will initially deploy at least 84% of the funds collected during the New Fund Offer in debt securities/money market instruments with an intention to protect the principal at the time of maturity of the respective Plans.

The Fund manager(s), may alter the asset allocation pattern mentioned above at the time of any subsequent deployment of funds generated out of the appreciation in the value of the investments to the extent deemed appropriate in the best interest of the investors, while endeavouring that the capital will remain protected on maturity and ensuring that the rating of the Scheme is not adversely affected. Hence, the asset allocation pattern mentioned above is not a steady state pattern; it is the allocation pattern for the initial deployment of funds collected during the New Fund Offer.

The asset allocation pattern described above would alter from time to time on keeping in view market conditions, market opportunities, applicable regulations and political, economic factors and review by rating agency.

The scheme will invest in a portfolio predominantly of fixed income securities that are generally maturing in line with the duration of the scheme (3 years).

The scheme shall follow a passive investment strategy for the fixed income component of the Scheme.

Investment approach for equity allocations:

The scheme will invest in well-managed growth companies that are available at reasonable value. Companies would be identified through a systematic process of reviewing the company's financial performance and valuations.

The guiding principles while managing the equity portfolio are summarized below:

- 1) Sustainable company profits drives long term share value

Fund management would focus primarily on business fundamentals of the underlying company. The Equity Research process will endeavor to acquire a robust understanding of the dynamics of the underlying business. This would form the basis for forecasts on future profitability and sustainability of cash profit growth. Stock prices of companies that can sustain periods of high cash profit growth, generally outperform the markets over the long term. Investors entering this scheme are therefore expected to have at least a one year time horizon.

2) Acquire stocks at reasonable value

Once good businesses are identified, stocks would be endeavored to be acquired when they are available at a reasonable value. Overall market corrections and stock price falls due to temporary factors that don't affect long-term profitability are an excellent opportunity to buy stocks cheap.

3) Monitor market interest to ensure consistent performance

Systematically tracking over stock ownership and over researched sectors would help to reduce the risk of a sudden sell off. Stock prices react to event triggers that are constantly monitored to ensure that portfolio performance is relatively more consistent.

Risk Control

All investment decisions, relating to the Scheme, will be undertaken by the AMC in accordance with the Regulations and the investment objectives specified in this scheme information document. All investment decisions taken by the AMC in relation to the Scheme shall be recorded.

The Investment Management Committee (IMC) consisting of senior employees including the President & CEO of the AMC to over see the Investment function, will be responsible for laying down the broad Investment Policy and the Specific scheme mandates, in addition to monitoring scheme performance and reviewing portfolio strategy. The risk control parameters would be laid down for each scheme based on the objectives of the scheme and prudent fund management practices will ensure that investor monies are invested in the appropriate risk/reward environment. The AMC would ensure that investments are made in accordance with the regulatory / internal guidelines, if any. Internal guidelines may be set by the AMC from time to time and reviewed in line with the market dynamics.

The designated Fund manager of the scheme will be responsible for taking the day-to-day investment decisions and will interalia be responsible for asset allocation, security selection and timing of investment decisions.

The Fund Manager would work with Research team to pick stocks. They will prepare a detailed report on any new company that would be acquired for the Scheme. This report would cover the overall industry environment, discuss demand supply dynamics of the company's products and make profitability projections. This report would also contain a discussion on the valuation for the stock price. The Fund Manager would document reasons for each transaction in the portfolio.

The Scheme performance would be benchmarked to the CRISIL MIP Blended Fund Index. The fund reserves the right to change the said benchmark and/or adopt one/more other benchmarks to compare the performance of the Scheme.

In addition, the investment team of the AMC will study the macro economic conditions, including the political and economic environment and factors affecting liquidity and interest rates. The AMC will use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of this.

The Scheme may use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders' interests.

The Scheme may invest in other Schemes managed by the AMC or in the Schemes of any other Mutual Funds, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-Scheme investment made by all Schemes of IDFC Mutual Fund or in

the Schemes under the management of other asset management companies shall not exceed 5% of the net asset value of the IDFC Mutual Fund. The limit however does not apply to any Fund of Funds scheme.

For the present, the Scheme does not intend to enter into underwriting obligations. However, if the Scheme does enter into an underwriting agreement, it would do so after complying with the Regulations.

TRADING IN DERIVATIVES:

The scheme intends to use derivatives for purposes that may be permitted by SEBI (Mutual Funds) regulations 1996, from time to time.

Derivative transactions that can be undertaken by the Scheme include a wide range of instruments, including, but not limited to

- Futures
- Options
- Any other instrument, as may be regulatorily permitted

Derivatives can be either exchange traded or can be over the counter (OTC). Exchange traded derivatives are listed and traded on Stock Exchanges whereas OTC derivative transactions are generally structured between two counterparties.

The scheme will use derivative instruments only for the purposes of static hedge strategy; the exposure to derivatives on notional value terms shall be limited to the extent available for equity exposure in the Asset allocation pattern for the scheme.

SEBI has vide its circular DNP/Cir-29/2005 dated September 14, 2005 inter alia specified the guidelines pertaining to trading by Mutual Funds in Exchange Traded derivatives. The position limits have subsequently been modified vide circulars inter alia including circular no. DNP/Cir-30/2006 dated January 20, 2006 and circular no. SEBI/DNP/Cir-31/2006 dated September 22, 2006.

All derivative position taken in the portfolio would be guided by the following principles.

i. Position limit for the Mutual Fund in index options contracts

a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.

b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in index futures contracts:

a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.

b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, the Mutual Fund may take exposure in equity index derivatives subject to the following limits:

1. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.

2. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for Mutual Fund for stock based derivative contracts

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, is defined in the following manner:-

1. For stocks having applicable market-wise position limit (MWPL) of Rs. 500 crores or more, the combined futures and options position limit shall be 20% of applicable MWPL or Rs. 300 crores, whichever is lower and within which stock futures position cannot exceed 10% of applicable MWPL or Rs. 150 crores, whichever is lower.

2. For stocks having applicable market-wise position limit (MWPL) less than Rs. 500 crores, the combined futures and options position limit would be 20% of applicable MWPL and futures position cannot exceed 20% of applicable MWPL or Rs. 50 crore which ever is lower.

v. Position limit for each scheme of a Mutual Fund for stock based derivative contracts

The scheme-wise position limit / disclosure requirements shall be –

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:

1% of the free float market capitalisation (in terms of number of shares) or 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

3. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Illustrations

Index Futures

Index Futures have been introduced by BSE and NSE. Generally three futures of 1 month 2 months and 3 months are presently traded on these exchanges. These futures expire on the last working Thursday of the respective months.

If the Nifty (Index) was 1875 at the beginning of a month and the quotes for the three futures were as under:

Month	Bid Price	Offer Price
1	1880	1885
2	1900	1915
3	1910	1930

The Fund can buy an Index of month 1 on the last day of the month prior to month 1 in the illustration above at an offer price of 1885.

Numerical example of futures trade

The following is a hypothetical example of a typical likely index future trade and the associated costs.

Particulars	Index Future	Actual purchase of stocks
Index at the beginning of the month	1875	1875
Price of 1 Month Future	1885	
A. Execution Cost: Carry and other Index Future costs (1885-1875)	10	Nil
B. Brokerage Cost: Assumed at 0.30% for Index Future and 0.50% for spot Stocks (0.30% of 1885) (0.50% of 1875)	5.66	9.38
C. Gains on Surplus Funds: (assumed 10% return on 90% of the money left after paying 10% margin) (10%*1875*90%*30 days/365)	13.87	Nil
Total Cost (A+B-C)	1.79	9.38

In this example, the Index Future trade has resulted in profitability compared to actual purchase of the underlying index stocks. The profitability of Index Future as compared to an individual security will interalia depend upon the carrying cost, the interest available on surplus funds and the transaction cost.

There are futures based on stock indices as mentioned above as also futures based on individual stocks.

Illustrative list of strategies that can employ futures

Strategies that employ index futures and their objectives:

(a) The fund has an existing equity portion invested in a basket of stocks. In case the fund manager has a view that the equity markets are headed downwards, the fund can then hedge the exposure to equity either fully or partially by initiating short futures positions in the index. A similar position in the long direction can also be initiated by the fund to hedge its position of cash and permissible equivalents. The extent to which this can be done is determined by existing guidelines.

(b) To the extent permissible by extant regulations the scheme can initiate a naked short position in an underlying index future traded on a recognized stock exchange. In case the nifty near month future contract trading at say, 1850, and the fund manager has a view that it will depreciate going forward,

the fund can initiate a sale transaction of nifty futures at 1850 without holding a portfolio of equity stocks or any other underlying long equity position. Once the price falls to 1800 after say, 20 days the fund can initiate a square-up transaction by buying the said futures and book a profit of 50. Correspondingly the fund can take a long position without an underlying cash/ cash equivalent subject to the extant regulations.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Inability of the derivatives to correlate perfectly with underlying indices
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

Strategies that employ Stock specific Futures and their objectives:

Individual stock futures are also available in the Indian Equity Markets. Stock futures trade either at a premium or at discount to the spot prices, the level of premium generally reflects the cost of carry. Stock specific issues may have a bearing on futures as speculators may find futures as a cost-effective way of executing their view on the stock. However such executions usually increase the premium/discount to the spot significantly, thereby giving rise to arbitrage opportunities for a fund.

(a) Selling spot and buying future : In case the fund holds the stock of a company at say Rs. 1000 while in the futures market it trades at a discount to the spot price say at Rs. 980 then the fund may sell the stock and buy the futures. On the date of expiry of the stock future, the fund may reverse the transactions (i.e. Buying at Spot & Selling futures) and earn a risk-free Rs. 20/- (2% absolute) on its holdings. As this can be without any dilution of the view of the fund on the underlying stock the fund can still benefit from any movement of the price in the northward direction, i.e. if on the date of expiry of the futures, if the stock trades at 1100 which would be the price of the futures too, the fund will have a benefit of Rs. 100/- whereby the fund gets the 10% upside movement together with the 2% benefit on the arbitrage, and thus getting a total return of 12%

(b) Buying spot and selling future: Where the fund holds the stock of a company trading in the spot market at Rs 1000 while it trades at Rs. 1020/- in the futures market then fund may buy the stock at spot and sell in the futures market thereby earning Rs 20. In case of adequacy of cash with the fund, this strategy may be used to enhance returns of the Scheme which was otherwise sitting on cash.

(c) Buying stock future: Where the scheme wants to initiate a long position in a stock whose spot price is at say, Rs.1000 and futures is at 980, then the fund may just buy the futures contract instead of the spot thereby benefiting from a lower cost option.

(d) In case the fund has a bearish view on a stock which is trading in the spot market at Rs.1000/- and the futures market at say Rs.980/-. The fund can express such a view subject to extant SEBI regulations by initiating a short position in the futures contract. In case the view is right and the futures price depreciates to say 900/- the fund can square up the short position thereby earning a profit of Rs. 80/-

Risk associated with this strategy:

- Lack of opportunities available in the market
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

Strategies that use Options and the objectives of such strategies:

Option contracts are of two types - Call and Put; the former being the right, but not obligation, to purchase a prescribed number of shares at a specified price before or on a specific expiration date and

the latter being the right, but not obligation, to sell a prescribed number of shares at a specified price before or on a specific expiration date. The price at which the shares are contracted to be purchased or sold is called the strike price. Options that can be exercised on or before the expiration date are called American Options, while those that can be exercised only on the expiration date are called European Options. Option contracts are designated by the type of option, name of the underlying, expiry month and the strike price. Thus options can be used to earn less volatile returns, earn the premium or use for hedging purposes etc.

Illustrations of use of Options

Call Option (Buy): The fund buys a call option at the strike price of say Rs.1000 and pays a premium of say Rs. 50, the fund would earn profits if the market price of the stock at the time of expiry of the option is more than 1050 being the total of the strike price and the premium thereon. If on the date of expiry of the option the stock price is below Rs 1000, the fund will not exercise the option while it loses the premium of Rs 50.

Put Option (Buy): The fund buys a Put Option at Rs 1000 by paying a premium of say Rs 50. If the stock price goes down to Rs. 900, the fund would protect its downside and would only have to bear the premium of Rs 50 instead of a loss of Rs 100 whereas if the stock price moves up to say Rs. 1100 the fund may let the Option expire and forego the premium thereby capturing Rs. 100 upside after bearing the premium of Rs50.

Writing a Call Option: The fund writes a call option at Rs. 1050 and earn a premium of, say, Rs. 10. If the price is higher than Rs. 1050, say Rs.1100/- at expiry then the option is exercised, the Fund earns the premium of Rs. 10/- but loses the difference between the market price and the exercise price i.e. Rs. 50/-. In case the stock price is less than Rs.1050, the fund gets to keep the premium of Rs.10/-

Writing a Put Option: The fund writes a put option with the strike price of Rs1000 and earn a premium of say Rs 20. In case the stock trades at Rs 950 the put option will be exercised, the fund will earn the premium of Rs.20/- but losses the difference between the exercise price and the market price which is Rs.50/-. Where the stock trades at above the exercise price, the option-holder will not exercise the option and let it expire. In this case the fund will earn the premium income of Rs. 20.

The above four option positions can be initiated in both index based options as well as stock specific options.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

The AMC retains the right to enter into such derivative transactions as may be permitted by the applicable regulations from time to time.

PORTFOLIO TURNOVER

The AMC's portfolio management style is conducive to a relatively low portfolio turnover rate. However, the AMC will take advantage of the opportunities that present themselves from time to time because of the conditions prevailing / inefficiencies in the securities markets. The AMC will endeavour to balance the increased cost on account of higher portfolio turnover with the benefits derived therefrom.

F: FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

((i) Type of Scheme

A three year close ended scheme.

(ii) Investment Objectives & Policies

The scheme endeavours to protect the capital by investing in high quality fixed income securities as the primary objective and generate capital appreciation by investing in equity and equity related instruments as a secondary objective.

However, there can be no assurance that the investment objective of the scheme will be realized.

Asset Allocation Pattern as defined in Section C

(iii) Terms of Issue

Repurchase and Redemption of Units as detailed in Section III B of this document

Fees and expenses as specified in Section IV B of this document

(iv) Aggregate fee and expenses chargeable to the scheme as per the scheme information document

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Currently no AMFI - recognised benchmark is available for strict comparison for the Scheme. However CRISIL MIP Blended Index being a widely used benchmark (for products with similar tenor / average maturity etc.) in the market, the same has been selected as a standard benchmark for the purpose of this Scheme.

H. WHO MANAGES THE SCHEME?

The Fund Manager of the Scheme is Mr. Ashwin Patni. His particulars are given below:

INVESTMENT BY AMC IN THE SCHEME

The AMC may invest in the Scheme from time to time. As per the Regulations, such investments are permitted subject to disclosure being made in the Scheme Information Document. However, the AMC shall not be entitled to charge any management fee on its investments in the Scheme. The maximum extent of investment by the AMC at any given time shall not exceed the networth of the AMC.

I. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to the Regulations and amendments thereto, the following investment restrictions are presently applicable to all the Scheme/s:

1. The Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights.
2. The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities and shall in no case put itself in a position whereby it has to make short sale or carry forward transaction or engage in badla finance.
3. The Scheme shall not invest more than 10% of its net assets in the equity shares or equity related instruments of any company.
4. The Scheme shall not invest more than 5% of its net assets in the unlisted equity shares or equity related instruments.
5. Debt instruments in which the Scheme invests should be rated as investment grade by a credit rating agency. Till the regulations so require, not more than 15% of the Net Assets of the Scheme shall be invested in debt instruments issued by a single issuer. Provided that such investment limit may be exceeded to 20% of the Net Assets of the Scheme with the prior approval of the Board of Trustees and the Board of the AMC till such time the regulation requires such approvals. Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a rating agency registered with SEBI.

No mutual fund scheme shall invest more than thirty percent of its net assets in money market instruments of an issuer.

Provided that such limit shall not be applicable for investments in Government securities, treasury bills and collateralized borrowing and lending obligations.”

6. All investments in unrated debt instruments shall be made with the prior approval of the Board of the AMC and the Trustee till the regulations so require. SEBI vide its circular no. MFD/CIR/9/120/2000 dated November 24, 2000 has permitted the Mutual Fund to constitute a committee for Investment in Unrated debt Instruments. The said committee can approve such investments based on parameters laid down by the Board of AMC and the Trustees and details of such investments should be communicated by the AMC to the Trustees in their periodical/ quarterly reports along with a disclosure regarding how the parameters have been complied with. Further, the Scheme shall not invest more than 10% of its Net Assets in unrated instruments by a single issuer and the total investment in such instruments shall not exceed 20% of the Net Assets of the Scheme

till the regulations so require. Provided further that investment within such limit can be made in mortgaged backed securitised debt, which are rated not below investment grade by a rating agency, registered with the Board.

7. Till the regulations so require, the Scheme shall not make any investment in :
 - i. any unlisted security of an associate or group company of the sponsor;
 - ii. any security issued by way of private placement by an associate or group company of the sponsor or
 - iii. the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
8. Transfer of investments from one Scheme to another Scheme in the same Mutual Fund is permitted provided:
 - i. such transfers are done at the prevailing market price for quoted instruments on a spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); transfer of unquoted securities will be made as per the policies laid down by the Trustees from time to time, and
 - ii. the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
9. The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. Provided that this clause shall not apply to any Fund of Funds scheme.
10. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
11. The Fund may buy and sell securities on the basis of deliveries and will not make any short sales or engage in carry forward transactions except as and when permitted by the RBI in this regard (for example “when issued market” transactions).
12. All the Scheme’s investments will be in transferable securities or bank deposits or in money at call or any such facility provided by RBI in lieu of call.
13. No loans for any purpose can be advanced by the Scheme.
14. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest and/or dividend to the Unitholders, provided that the Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
15. Pending deployment of funds of a Scheme in securities in terms of investment objectives of the Scheme, the AMC can invest the funds of the Scheme in short-term deposits of scheduled commercial banks or in call deposits.
16. The Scheme may also use various hedging and derivative products from time to time, as are available and permitted by SEBI, in an attempt to protect and enhance the interests of the Unitholders at all times. Derivatives are contractual instruments whose performance is derived from that of an underlying asset.
17. The scheme shall not make any investment in a Fund of Funds scheme.
18. The scheme shall invest only in such securities which mature on or before the date of the maturity of the scheme.

The Scheme will comply with SEBI regulations and any other Regulations applicable to the investments of Mutual Funds from time to time. The Trustees may alter the above restrictions from time

to time to the extent that changes in the Regulations may allow and/or as deemed fit in the general interest of the Unitholders.

All investment restrictions shall be applicable at the time of making the investment.

In addition to the above Regulatory restrictions, the scheme would follow the following norms:

1. The fixed income component of the Scheme shall be invested only in Government of India Securities (G-Secs) and/or other fixed income instruments rated AAA/AAA (so) by CRISIL.
2. Prior approval shall be obtained from CRISIL before investing in any non-CRISIL rated fixed income security.
3. The AMC shall provide adequate information on such companies that are not rated by CRISIL to enable CRISIL to take an implicit rating view. If any fixed income security gets downgraded during the tenure of the scheme, the AMC will ensure that the credit quality of the fixed income portfolio should be equivalent to AAAf (the rating definition of AAAf is as follows – The fund's portfolio holdings provide very strong protection against losses from credit defaults). If otherwise CRISIL will analyze the protection available from the debt and equity holdings of the scheme at that time, to decide whether the rating of AAA(so) on the capital protected fund can be maintained.
4. The scheme shall not invest in securitized instruments, other than single loan sell downs.
5. Exposures to equity derivative instruments shall be such that the notional value of such exposures together with the investments in equities will not exceed the allocation of the corpus towards equity investments at any point of time.
6. No securities lending transactions would be engaged in.
7. While selecting the fixed income securities for the debt component, the Scheme shall as far as possible invest in securities with maturity (or a Put Option with the investor) within 30 days prior to the date of the scheme's redemption.
8. In no circumstances the scheme shall invest in fixed income securities with maturities beyond the scheme's redemption date.
9. While selecting fixed income securities for the debt portfolio, as far as possible, the scheme shall invest in securities with a one time bullet payments of principal at maturity to minimize reinvestment risks.
10. The scheme shall not invest in securities with early call options.
11. The scheme shall follow a passive investment strategy for the fixed income component of the Scheme.
12. Active trading in debt instruments can be done only if the additional yield on the new instruments, with the same tenor as the original instrument, more than compensates for the impact cost incurred on selling the original security.
13. Exposures to counterparties will be only to CRISIL approved entities.
14. No single investment in debt shall comprise more than 15% of the total fund size of the scheme.

J. HOW HAS THE SCHEME PERFORMED?

This scheme is a new scheme and does not have any performance track record

III. UNITS AND OFFER

This section provides details you need to know for investing in the scheme.

A. NEW FUND OFFER (NFO)

New Fund Offer Period (This is the period during which a new scheme sells its units to the investors)

NFO opens on: June 28, 2010

NFO closes on: August 11, 2010

New Fund Offer of the scheme shall launch within six months from the date of receipt of final observation from SEBI to launch the Scheme. The Trustee reserves the right to extend the closing date, subject to the condition that the subscription list shall not be kept open for more than 45 days. Any such extension of the subscription list shall be notified by a suitable display at the official point of acceptance of transactions

New Fund Offer Price (This is the price per unit that the investors have to pay to invest during the NFO):

Rs. 10

Minimum Amount for Application in the NFO

5000/- and in multiples of Rs. 10/- thereafter.

Minimum Target amount: Rs. 1,00,00,000

In accordance with the Regulations, if the Scheme fails to collect the minimum subscription amount as specified above, the Fund shall be liable to refund the money to the applicants.

In addition to the above, refund of subscription money to applicants whose applications are invalid for any reason whatsoever will commence immediately after the allotment process is completed. Refunds will be completed within six weeks of the close of the New Fund Offer Period. If the Fund refunds the amount after six weeks, interest @ 15% per annum shall be paid by the AMC. Refund orders will be marked "Account Payee only" and drawn in the name of the applicant in the case of the sole applicant and in the name of the first applicant in all other cases.

Maximum Amount to be raised (if any)

Not Applicable. The AMC retains the right to specify maximum amount to be raised, at the time of the New Fund Offer.

Sub Plans / Options offered

Under the Scheme investors may choose either the Growth Option or the Dividend Option.

(i) Growth Option

The Scheme will generally not declare any dividend under this option. The income attributable to Units under this Option will continue to remain invested in the Scheme and will be reflected in the Net Asset Value of Units under this option.

(ii) Dividend Option

Under this option, the Fund will endeavour to declare dividends as and when deemed fit by the Fund and/or on &/or before the closure of the scheme. In case no dividend is declared during the tenure of the scheme or at closure, the net surplus, if any, will remain invested and be reflected in the NAV.

Dividends, if declared, will be paid out of the net surplus of the Scheme to those Unitholders whose names appear in the Register of Unitholders on the record date. The actual date for declaration of dividend will be notified suitably to the Registrar. Unitholders are entitled to receive dividend within 30 days of the date of declaration of the dividend. However, the Mutual Fund will endeavour to make dividend payments sooner to Unitholders. There is no assurance or guarantee to Unitholders as to the rate of dividend distribution nor that dividends will be paid, though it is the intention of the Mutual Fund to make dividend distributions.

For details on taxation of dividend, please refer to the section on 'Tax Benefits of Investing in the Mutual Fund' in the Statement of Additional Information.

The Investors should note that NAVs of the Dividend Option and the Growth Option will be different after the declaration of dividend under the Scheme.

Dividend Policy

Dividend declaration and distribution shall be in accordance with SEBI Regulations as applicable from time to time. The AMC reserves the right to declared dividend from time to time, depending on availability of distributable surplus.

Allotment

Full allotment will be made to all valid applications received during the New Fund Offer Period of respective Plan(s). Allotment of Units, shall be completed not later than 30 days after the close of the New Fund Offer Period.

ACCOUNT STATEMENTS

An Account Statement will be sent by ordinary post / courier / any other permitted mode, to each Unitholder, stating the number of Units allotted, not later than 30 Days from the close of the New Fund Offer Period. The account statement shall not be construed as a proof of title and is only a computer generated statement indicating the details of transactions under the Scheme and is a non-transferable document. The account statement will be issued in lieu of Unit Certificate/s.

No Account Statements will be issued to Unit holders who hold units in dematerialized mode.

UNIT CERTIFICATES

No Unit Certificates will be issued. An investor who wishes to trade in units would require to have a demat account.

Refund

In accordance with the Regulations, if the Scheme fails to collect the minimum subscription amount as specified above, the Fund shall be liable to refund the money to the applicants.

In addition to the above, refund of subscription money to applicants whose applications are invalid for any reason whatsoever will commence immediately after the allotment process is completed. Refunds will be completed within six weeks of the close of the New Fund Offer Period. If the Fund refunds the amount after six weeks, interest @ 15% per annum shall be paid by the AMC. Refund orders will be marked "Account Payee only" and drawn in the name of the applicant in the case of the sole applicant and in the name of the first applicant in all other cases.

This is an indicative list and investors are requested to consult their financial advisor to ascertain whether the scheme is suitable to their risk profile.

Where can you submit the filled up applications.

Filled up applications can be submitted at the Offices of the collecting bankers, as per the details given on the last few pages of this document including the back cover page.

HOW TO APPLY?

Please refer to the SAI and Application form for the instructions.

Mode of Payment

Investors may make payments for subscription to the Units of the Scheme at the bank collection centres by local Cheque/Pay Order/Bank Draft, drawn on any bank branch, which is a member of Bankers Clearing House located in the Official point of acceptance of transactions where the application is lodged or by giving necessary debit mandate to their account or by any other mode permitted by the AMC.

Cheques/Pay Orders/Demand Drafts should be drawn as follows:

- 1 The Cheque/DD/Payorder should be drawn in favour of IDFC Capital Protection Oriented Fund - Series III, as the plan may be) as mentioned in the application form/addendum at the time of the launch.

Please note that all cheques/DDs/payorders should be crossed as "Account payee".

- 2 Centres other than the places where there are Official point of acceptance of transactions as designated by the AMC from time to time, are Outstation Centres. Investors residing at outstation centres should send demand drafts drawn on any bank branch which is a member of Bankers Clearing House payable at any of the places where an Official point of acceptance of transactions is located.

Payments by cash, money orders, postal orders, stockinvests and out-station and/or post dated cheques will not be accepted.

MANDATORY QUOTING OF BANK MANDATE AND PAN NUMBER BY INVESTORS

Pursuant to SEBI Circular No. SEBI/IMD/CIR No. 6/4213/04 dated March 1, 2004 it is mandatory for investors to mention their bank account number in their application/request for redemption. As per SEBI Circular No. MRD/DoP/Cir- 05/2007 dated April 27, 2007, it is now mandatory that Permanent Account Number (PAN) issued by the Income Tax Department would be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction. Accordingly investors will be required to furnish a copy of PAN together with request for fresh purchases, additional purchases and systematic investments registration (SIP). Application Forms without these information and documents will be considered incomplete and are liable to be rejected without any reference to the investors. The procedure implemented by the AMC and the decisions taken by the AMC in this regard shall be deemed final.

If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.

LISTING AND TRANSFER OF UNITS

LISTING

The units of the scheme shall be listed. The units are proposed to be listed on the NSE. The In – principle approval from NSE has been received for listing of units of the scheme.

Buying or selling of Units by investors can be made from the secondary market on the NSE. Units can be bought or sold like any other listed stock on the Exchange at market prices. The minimum number of Units that can be bought or sold on the Exchange is 1 (one) unit. Investors can purchase Units at market prices, which may be at a premium/discount to the NAV of the Scheme depending upon the demand and supply of Units at NSE. Unitholders who wish to trade in units would be required to have a demat account. All investors may buy/sell Units on NSE on all the trading days of NSE as per the settlement cycle of the Stock Exchange.

Since the Scheme is proposed to be listed, for declaration of dividend, the Scheme shall follow the requirements stipulated in the listing agreement.

Although Units are proposed to be listed on NSE, there can be no assurance that an active secondary market will develop or be maintained. Trading on NSE may be halted because of market conditions or for reasons that in the view of the market authorities or SEBI, trading in the Units is not advisable. There can be no assurance that the requirements of the market necessary to maintain the listing of the Units will continue to be met or will remain unchanged. The AMC and the Trustees will not be liable for delay in trading of Units on NSE due to the occurrence of any event beyond their control.

TRANSFER

On listing, the IDFC-CPOF -I Units would be transferable. Transfers should be only in favour of transferees who are eligible for holding Units under the Scheme. The AMC shall not be bound to recognise any other transfer. For effecting the transfer of Units held in electronic form, the Unitholders would be required to lodge delivery instructions for transfer of Units with the DP in the requisite form as may be required from time to time and the transfer will be effected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialised mode.

If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.

Special Products / facilities available during the NFO

This being a close ended scheme, facilities like Systematic Investment Plan, Systematic Transfer Plan and Systematic Withdrawal Plan are not available to investors.

PLEDGE OF UNITS FOR LOANS

The Units can be pledged by the Unitholders as security for raising loans subject to the conditions of the lending institution. The Registrar will take note of such pledge (by marking a lien etc.) / charge in its records. Disbursement of such loans will be at the entire discretion of the lending institution and the fund assumes no responsibility thereof.

The pledgor will not be able to redeem Units that are pledged until the entity to which the Units are pledged provides written authorisation to the fund that the pledge/lien charge may be removed. As long as Units are pledged, the pledgee will have complete authority to redeem such Units. However, such redemption will be permitted only on maturity of the scheme. Decision of the AMC shall be final in all cases of lien marking.

In case of Units held in electronic form, the rules of Depository applicable for pledge will be applicable for Pledge/Assignment of the Units of the Scheme. Units held in electronic form can be pledged by completing the requisite forms/formalities as may be required by the Depository

SUSPENSION OF REDEMPTION / REPURCHASE OF UNITS AND DIVIDEND DISTRIBUTION

The Mutual Fund at its sole discretion reserves the right to withdraw repurchase or switching of Units of the Scheme, temporarily or indefinitely, if in the opinion of the AMC the general market conditions are not favourable and /or suitable investment opportunities are not available for deployment of funds. However, the suspension of repurchase/switching either temporarily or indefinitely will be with the approval of the trustee. The AMC reserves the right in its sole discretion to withdraw the facility of switching out of the Scheme, temporarily or indefinitely. Further, the AMC & Trustee may also decide to temporarily suspend determination of NAV of the Scheme offered under this Document, and consequently redemption of Units, declaration and distribution of dividend in any of the following events:

1. When one or more stock exchanges or markets, which provide basis for valuation for a substantial portion of the assets of the Scheme are closed otherwise than for ordinary holidays.
2. When, as a result of political, economic or monetary events or any circumstances outside the control of the Trustee and the AMC, the disposal of the assets of the Scheme is not reasonable, or would not reasonably be practicable without being detrimental to the interests of the Unitholders.
3. In the event of a breakdown in the means of communication used for the valuation of investments of the Scheme, without which the value of the securities of the Scheme cannot be accurately calculated.
4. During periods of extreme volatility of markets, which in the opinion of the AMC are prejudicial to the interests of the Unitholders of the Scheme.
5. In case of natural calamities, strikes, riots and bandhs.
6. In the event of any force majeure or disaster that affects the normal functioning of the AMC or the Registrar.
7. During the period of Book Closure.
8. If so directed by SEBI.

In the above eventualities, the time limits indicated above, for processing of requests for redemption of Units and/or distribution of dividend will not be applicable. Further an order to purchase units is not binding on and may be rejected by the Trustee, the AMC or their respective agents until it has been confirmed in writing by the AMC or its agents and payment has been received. The suspension or restriction of repurchase/redemption facility under the scheme shall be made applicable only after the approval of the Board of Directors of the Asset Management Company and the Trustee and the details of the circumstances and justification for the proposed action shall be informed to SEBI in advance.

Investors are requested to note that No Redemption/ repurchase of units shall be allowed in a close ended scheme prior to the maturity of the scheme. Unitholders who wish to exit may do so through the Stock Exchange mode.

PHONE TRANSACT

All individual investors in the scheme applying on “Sole” or “Anyone or Survivor” basis in their own capacity shall be eligible to avail of phone transact facilities for permitted transactions inter alia on the following terms and conditions:

“Terms and Conditions” mean the terms and conditions set out below by which the Facility shall be used/availed by the Unit holder and shall include all modifications and supplements made by AMC thereto from time to time.

In order to access the Facility, the Unit holder shall be required to give Basic Identification Data (BID) to IDFC Asset Management Company Ltd. (AMC) based on which the AMC may allow access to the Facility. The BID may be enhanced / modified by the AMC from time to time. The unitholder must provide additional BID as & when required by the AMC.

The AMC has a right to ask such information from the available data of the Unit holder before allowing him/her access to avail of the Facility. If for any reason, the AMC is not satisfied with the replies of the Unit holder, the AMC has at its sole discretion the right of refusing access without assigning any reasons to the Unit holder.

It is clarified that the Facility is only with a view to accommodate /facilitate the Unit holder and offered at the sole discretion of the AMC. The AMC is not bound and/or obliged in any ways to give access to Facility to Unit holder.

AMC may periodically provide the Unit holder with a written statement of all the transactions made by the Unit holder on a regular/as & when basis, as is being currently done.

The Unit holder shall check his/her account records carefully and promptly. If the Unit holder believes that there has been a mistake in any transaction using the Facility, or that unauthorised transaction has been effected, the Unit holder shall notify AMC immediately. If the Unit holder defaults in intimating the alleged discrepancies in the statement within a period of thirty days of receipt of the statements, he waives all his rights to raise the same in favour of the AMC, unless the discrepancy /error is apparent on the face of it.

By opting for the facility the Unit holder hereby irrevocably authorises and instructs the AMC to act as his /her agent and to do all such acts as AMC may find necessary to provide the Facility.

The Unit holder shall not disclose/divulge the BID to any person and shall ensure that no person gains access to it.

The Unit holder shall at all times be bound by any modifications and/or variations made to these Terms and Conditions by the AMC at their sole discretion and without notice to them.

The Unit holder agrees and confirms that the AMC has the right to ask the Unit holder for an oral or written confirmation of any transaction request using the Facility and/or any additional information regarding the Account of the Unit holder.

1. The Unit holder agrees and confirms that the AMC may at its sole discretion suspend the Facility in whole or in part at any time without prior notice if (i) the Unit holder does not comply with any of the Terms and Conditions or any modifications thereof, (ii) the AMC has the reason to believe that such processing is not in the interest of the Unit holder or is contrary to Regulation/Scheme information documents/amendments to the Scheme information documents and (iii) otherwise at the sole discretion of the AMC in cases amongst when the markets are volatile or when there are major disturbances in the market, economy, country, etc.
2. The Unit holder shall not assign any right or interest or delegate any obligation arising herein.
3. The Unit holder agrees that it shall be his/her sole responsibility to ensure protection and confidentiality of BID and any disclosures thereof shall be entirely at the Unit holder's risk.
4. The Unit holder shall take responsibility for all the transactions conducted by using the Facility and will abide by the record of transactions generated by the AMC. Further, the Unit Holder confirms that such records generated by the AMC shall be conclusive proof and binding for all purposes and may be used as evidence in any proceedings and unconditionally waives all objections in this behalf.
5. The Unit holder shall, in case of accounts opened in the names of minors and being the natural guardian of such minor, give all instructions relating to the operation of the account and shall not, at any point of time disclose the BID to the minor / any other person
6. AMC shall be notified immediately if a record of the BID, is lost or stolen or if the Unit holder is aware or suspects another person knows or has used his/her BID without authority.
7. The Unit holder agrees and acknowledges that any transaction, undertaken using the Unit holder's BID shall be deemed to be that of the Unit holder. If any third party gains access to the Facility, the Unit holder agrees to indemnify the AMC and its directors, employees, agents and representatives against any liability, costs, or damages arising out of claims or suits by such other third parties based upon or related to such access or use.
8. The Unit holder agrees that use of the Facility will be deemed acceptance of the Terms and Conditions and the Unit holder will unequivocally be bound by these Terms and Conditions.

19. Indemnities in favour of the IDFCAMC:

The Unit holder shall not hold the AMC liable for the following:

- i) For any transaction using the Facilities carried out in good faith by the AMC on instructions of the Unit holder.
- ii) For the unauthorized usage/unauthorised transactions conducted by using the Facility.
- iii) For any loss or damage incurred or suffered by the Unit holder due to any error, defect, failure or interruption in the provision of the Facility arising from or caused by any reason whatsoever.
- iv) For any negligence / mistake or misconduct by the Unit holder and/or for any breach or non-compliance by the Unit holder of the rules/terms and conditions stated in this Agreement.
- v) For accepting instructions given by any one of the Unit holder in case of joint account/s having mode of operations as "Either or Survivor" or "anyone or survivor".
- vi) For not verifying the identity of the person giving the telephone instructions in the unit holder name.

- vii) For not carrying out any such instructions where the AMC has reason to believe (which decision of the AMC the Unit holder shall not question or dispute) that the instructions given are not genuine or are otherwise improper, unclear, vague or raise a doubt.
20. The AMC may assign any of its rights under these terms and conditions without the consent of the Unit holder to any of the AMC's group companies, subsidiary or Associate Company or such other company which the AMC deems suitable for provision of this Facility.

All other investors in the scheme/plan will be eligible to avail of phone transact facilities for permitted transactions (as may be decided by the AMC from time to time) by entering into an agreement with the AMC/Mutual Fund. Requests like change in bank mandate, change of nomination, change in mode of holding, change of address or such other requests as the AMC may decide from time to time will not be permitted using the phone transact facility. The AMC/Mutual Fund reserves the right to modify the terms and conditions of the service from time to time as may be deemed expedient or necessary.

Taxation		Resident Investors	Mutual Fund
The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors/authorised dealers with respect to the specific amount of tax and other implications arising out of his or her participation in the schemes.	Tax on Dividend	NIL	Nil (please refer to the note below)
<i>(mention the tax rates as per the applicable tax laws)</i>	Capital Gains: Long Term Short Term	10/20 % (please refer to the note below) 30 %	NIL
For further details on taxation please refer to the clause on Taxation in the SAI			

Note:

1. As per section 112 of the Act, long-term capital gains on transfer of units are liable to tax at the rate of 20 per cent. Income tax on long-term capital gains on transfer of units shall, however, be limited to 10 per cent of the gains computed without the benefit of cost indexation.

Further, in case of individuals/ HUFs, being residents, where the total income excluding long-term capital gains is below the maximum amount not chargeable to tax ¹, then the difference between the maximum amount not chargeable to tax and total income excluding long-term capital gains, shall be adjusted from long-term capital gains. Therefore only the balance long term capital gains will be liable to income tax at the rate of 20 / 10 per cent.

2. Short-term capital gains

Short-term capital gains arising to partnership firms and domestic companies, are taxable at the rate of 33.99 per cent (30 per cent tax plus 10 per cent surcharge² thereon plus additional surcharge of 3 per cent by way of education cess on the tax plus surcharge)

Short-term capital gains arising to FIIs, being foreign companies, are taxable at 31.6725 per cent (30 per cent tax plus 2.5 per cent surcharge³ on tax plus additional surcharge of 3 per cent by way of education cess on the tax plus surcharge).

Short-term capital gains arising to FIIs, other than foreign companies, are taxed at the rate of 33.99 (30 per cent tax plus 10 per cent surcharge⁴ on tax plus additional surcharge of 3 per cent by way of education cess on the tax plus surcharge).

Short-term capital gains arising to individuals and HUFs are taxable on progressive basis, as per the proposed revised slabs of income

3. Income of the Mutual Fund (including dividend income) is exempt from income tax. However the scheme needs to pay distribution tax on the dividend paid by it to the investors. In case of dividend paid by income funds to Individuals and Hindu Undivided Families ('HUFs') distribution tax @ 14.1625% is payable, while its 22.66% in case of dividend paid to persons other than individuals and HUFs. In case of liquid funds, dividend distribution tax is 28.325%. Distribution tax is inclusive of the base tax rate, surcharge thereon and has additional surcharge by way of education cess.

D. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time.

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the non-daily accrual does not affect the NAV calculations by more than 1%.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

- (i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.
- (ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme. The asset management company may recover the difference from the investors

NAV of units under the Scheme shall be calculated as shown below: **NAV(Rs.)=**

Market or Fair Value of Scheme's investments	+	Current Assets including Income	-	Current Liabilities and Provisions including accrued expenses
--	---	---------------------------------	---	---

No. of Units outstanding under Scheme

The NAV of the Scheme will be calculated upto four decimal places and will be declared on all business days. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

IV. FEES AND EXPENSES

(This section outlines the expenses that will be charged to the schemes) :

As per the provisions of the Regulations, read with the amendments thereto, the following fee and expenses will be charged to the plans under the Scheme:

A. NEW FUND OFFER (NFO) EXPENSES

(These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.)

No New Fund Offer Expenses shall be charged to the scheme.

B. ANNUAL SCHEME RECURRING EXPENSES

(These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below):

The AMC has estimated that upto 2.25 % of the weekly average net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund.

Description	Estimated Expenses (Retail Option)
Investment Management Fee	1.25
Trustee Fee	0.05
Custodian Fee	0.05
Marketing & Selling (incl. Agents Commissions)	0.50
Registrar & Transfer Agent	0.15

Transaction Costs	0.07
Audit Costs	0.04
Costs of Investor Communications	0.06
Cost of Statutory Advertisements	0.04
Other Expenses (including listing and rating fees)	0.04
Total Recurring Expenses	2.25

The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the Scheme will bear. These estimates are based on a corpus size of Rs.1 crore under the Scheme, and would change, to the extent assets are lower or higher. If the corpus size is in excess of Rs.1 crore, the above mentioned recurring expenses in the Scheme would change. The above expenses are subject to inter-se change and may increase/decrease as per actual and/or any change in the Regulations.

These estimates have been made in good faith as per information available to the AMC and the total expenses may be more than as specified in the table above. However, as per the Regulations, the total recurring expenses that can be charged to the Scheme in this Scheme information document shall be subject to the applicable guidelines. Expenses over and above the permitted limits will be borne by the AMC.

As per SEBI (MF) Regulations, 1996, recurring expenses will not exceed the following limits per annum:

1. on the first Rs. 100 crore of the Scheme's weekly average net assets, will not exceed 2.25%
2. on the next Rs. 300 crore of the Scheme's weekly average net assets, will not exceed 2.00%
3. on the next Rs. 300 crore of the Scheme's weekly average net assets, will not exceed 1.75% and
4. on the balance of the Scheme's weekly average net assets, will not exceed 1.50%.

Recurring expenses incurred in excess of the aforesaid limits will be borne by the AMC.

The total recurring expenses of the Scheme, will, however, be limited to the ceilings as prescribed under Regulation 52(6) of the Regulations.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se. Types of expenses charged shall be as per the SEBI (MF) Regulations.

Rating fees shall be a permissible expense under Regulation 52(4).

Also as per SEBI Circular dated December 11, 2008, listing fees shall be a permissible expense to be charged under Regulation 52(4).

AMC Fee:

In terms of the Investment Management Agreement and the Regulations, the AMC is entitled to an investment management fee at 1.25% per annum of the average net assets for a corpus up to Rs.100 crore and at 1.00% per annum for the corpus amount in excess of Rs.100 crore.

C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.idfcmf.com) or may call at (toll free no.1-800-226622) or your distributor.
